Continuation of 4(e) Other: The amendment filed on February 10, 2009, is considered non-compliant because it fails to meet the requirements of 37 CFR § 1.121, as amended on June 30, 2003 (see 68 Fed. Reg. 38611, Jun. 30, 2003) and has not been entered.

The amendment to the claims is non-compliant because e.g., while claim 40 was amended 8/1/08 to delete the word "a" from the phrase "a human VEGF", in the amendment filed February 10, 2009, it appears that the word "a" was reintroduced to claim 40 because the claim recites "a human VEGF". However, there are no claim markings presented in the claim filed February 10, 2009, so the amendment does not properly amend such a phrase as required by 37 CFR § 1.121 by having markings to show only the changes made in the current amendment relative to the immediate prior version.

Briefly, the revised amendment practice now requires a listing of all claims beginning on a separate sheet. Each claim ever presented must be included in the listing of claims together with a single proper status identifier in parentheses. The permissible status identifiers include: "original", "currently amended", "canceled", "withdrawn", "previously presented", "new", and "not entered". The text of all pending claims, including withdrawn claims, must be presented. Markings to show only the changes made in the current amendment relative to the immediate prior version should be included with the text of all currently amended claims, including withdrawn claims that are amended. Added text must be shown by underlining the added text. Generally deleted text must be shown by strikethrough (e.g., ~~strikethrough~~); or if the strikethrough cannot be easily perceived, and for deletion of five or fewer characters, the deleted text may be marked by the inclusion of deleted text in double brackets (e.g., [[444]]). The text of "canceled" and "not entered" claims must not be presented; and consecutive "canceled" or "not entered" claims may be grouped together in one line (e.g., Claims 1-11 (canceled); Claims 51-62 (not entered)).

If applicant wishes to resubmit the non-compliant after-final amendment with corrections, the entire corrected amendment must be resubmitted.
